Recommended Sites

Arboretum: Offers over 1.5 miles of flat trails through mixed forest landscapes. One object of concern for skiers is the boardwalk through the wetlands area.

Clover Hill Park & South Branch Wildlife Management Area: Former driveways and rolling hills make this park a good location for skiing.

Cold Brook Reserve: Offers several trails around the agricultural fields. It is recommended that skiers avoid the small wooded area. This park offers the challenges of traversing several rolling hills.

Columbia Trail: This 7-mile trail offers nice flat ground from High Bridge to the northern county line. Scenery varies from the town to forests. Please use caution at the road crossings.

Deer Path Park: With over 2 miles of ski-able trails, Deer Path also offers several fields that can be used by skiers. The park will present the challenges that come from gradually sloping terrain. In the Round Mountain Section, only the first field lends itself to skiing opportunities.

Crystal Springs Preserve: This park offers about 3 miles of ski-able trails along field edges.

Hoffman Park: Offers over 4 miles of old farm roads for skiing potential that traverses through fields and woodlands. The challenge here is that a skier's last run will be uphill to the parking lot.

Landsdown Trail: Similar to the Columbia Trail, this trail is 1.5 miles from Clinton Town to Lower Landsdown Road. Limited parking is available in Clinton. Parking along Lower Landsdown Road is discouraged.

Point Mountain Reservation: The best skiing opportunity is around the agricultural fields located near the Penwell Road parking lot. Moderate slopes exist along some of these fields. Skiers are also welcome to use the trail through the field located at the Mountain Top Road parking lot (about 0.5 mile in length).

Teetertown Preserve: Skiers have over 2.5 miles of trails around the camping area and meadow areas of this park. They may also use the open areas of the activity field and overflow parking area.

Tower Hill Park: All the trails through the meadows of Tower Hill are open to skiing. Some rolling slopes are present to challenge the skier. It is not encouraged to traverse across the meadows because of hidden stumps and hidden wetland areas.

Schick Reserve: Schick contains over 8 miles of trails, most around field edges. Some are sloped, but the easiest skiing is near the Route 631 parking area.

Limited Access Sites

Echo Hill Park: While the wooded trails do not lend themselves to skiing, visitors are welcome to ski around the fields of Echo Hill Park.

Wescott Preserve: Like Echo Hill, the trails are not conducive to skiing, but visitors are welcome to ski across the fields within the park.

Sunnyside Picnic Area: About a 1/2 mile loop is available for skiing. Ski up to the memorial grove and then back to the parking lot.

Sourland Mountain Preserve: The service road trail can technically be skied for the entire length. However, be wary of hidden stones in the trail, and ski out the way you went in.
