Session B: Six Wednesdays, November 14 – Dec. 19

Session C: Six Wednesdays, January 9 – February 13 9:30 AM to 12:30 PM, Arboretum, adults, \$140 (materials not included)

This is a great place to start to learn the basics of painting and drawing in an educational, supportive, and fun environment. Students begin each semester with instruction in the basic rules of drawing, which includes information on contour, value, and composition, and then move on to the study and use of color. Working from a variety of subject matter, the instructor will offer information on the proper use of materials, composition, and color theory via frequent group and individual critiques. Students should only bring black and white drawing materials to the first class. The instructor will discuss the color materials (pastels, oil, acrylic, watercolor paints) that you may utilize during the class.
