

## **Suez Construction Work Update, Lambertville**

Suez Construction Work Update.

Suez New Jersey has completed the repaving of North Union Street and Cherry Street. Work on South Main Street and Bridge Street is still pending and will continue through the end of next week (12/22).

On or about December 22nd, Suez's construction company [JFC] will be finalizing the work on South Main Street and Bridge Street. Following completion, JFC will re-stage equipment and materials in preparation for the next phase of the project.

Work will be paused the week of Christmas and construction will resume on January 3rd. Please be advised that the schedule is weather permitting and subject to change.
