Tell your Hunterdon County Senior Center Story

We are encouraging you to write about the positive impact that participating in activities, programs and/or volunteering at the Senior Center has had on your life. Perhaps dance & exercise classes have gotten you moving; or art classes may have taught you to paint or carve. Computer classes may have helped you learn to e-mail your friends; or one of the language classes have taught you a foreign language. We believe our diverse activities and programs have impacted each senior in a unique way and we encourage you to share how they have changed your life.

We will place your written statements entitled: “How the Hunterdon County Senior Center has changed my life” on our bulletin board for display during our Open House event on September 7. Who knows? Your statement may be read by another senior who will then be encouraged to connect with the County Senior Center!

Please keep your story to 250 words or less and submit by August 22, 2012 via e-mail to: sdepatto@co.hunterdon.nj.us; or by mail to the Hunterdon County Senior Center, P.O. Box 2900, Flemington, NJ 08822; or drop off at the reception window when you next visit the County Senior Center.
