

The Basic on Skulls

Virtual Program

Thursday, July 21st, 7:00 PM to 8:00 PM,

Ages: 8 to Adults; (Children must be accompanied by Adults)

Cost: Free; pre-registration required

The skull is the one bone that not only is key in identifying the animal, but it also holds many of the clues of how the animal lives. This program will explore key features of the skulls of some of our local species and what they reveal about the said species. Participants can conduct the Skull Workshop available on our “Distant Learning Page” on the Parks Website at <https://www.co.hunterdon.nj.us/depts/parks/distancelearning.htm#activities> to prep for the program or to conduct as a review of the program.
