

The Hunterdon County Senior Center in partnership with

**Volunteer Guardianship
ONE ON ONE, INC.**

Volunteer Guardianship One on One, Inc. provides high quality guardianship services to adult individuals, typically the elderly who have a disability or physical and mental disease, who have no family members or friends to serve in that capacity. We carry out our mission by recruiting, educating, and supporting caring volunteers who wish to assume this important responsibility.

A series of educational programs provided by highly qualified board and community members are being offered as video conferenced presentations in cooperation with the Hunterdon County Senior Center. Our educational programs are designed for the community as well as professionals. Programs are intended to be easily understood and reflect issues of particular relevance to our community at this time. We encourage you try one or all of our programs.
