Robert Becker made a motion to consolidate the subcommittees to one Sustainability Committee.

Rosemary Georgett seconded the motion.

Sustainability committee to move forward. Talk to increase consumer knowledge.

Robert Becker commented on Transfer Station problems and getting Commissioners involved for support. Not sure if the recycling was going to recycling or landfill. Rebecca Lunger explained that the Transfer Station single stream recycling was going to Newark, Waste Managements Class A recycling facility. DEP reporting is done for this. Ryan Rollero explained that this is a For Profit business. That they extract as much commodity that they can get a profit for. The rest unfortunately might go to landfill. People need to be educated on the cleanliness and materials that go into recycling.

**8. Public Comment No public comment**
